Introduction

Our powerful TikTok integration enables you to automate the fulfilment of your TikTok print on demand orders for seamless, hands-off order processing. You do the selling – we'll handle the printing, packing and shipping.

Simply connect your store, configure your products, then leave the rest to us. Here are just some of the benefits you can expect when fulfilling your print on demand TikTok orders through Prodigy:

- Full access to Prodigy's range of products
- Free image library
- Automatic order processing
- Fast, flexible fulfilment
- Order status updates for you and your customers

Once you've created your [TikTok store](#), signed up for your free [Prodigi account](#) and listed your [print on demand products](#), you're ready to integrate! All it takes is three easy steps:

1. Set up warehouse and shipping settings
2. Connect your store
3. Configure your products

So, let's get started!

1. Set up your warehouse address

1. Log in to your TikTok Seller Center.
2. Go to My Account > Account Settings > Warehouse Settings.

3. Add a new warehouse address.

4. When prompted, enter the appropriate [Prodiqi manufacturing address](#) based on your selling region:

- UK sellers > use the Prodiqi UK warehouse address
- EU sellers > use the Prodiqi EU warehouse address
- (Use the Prodiqi address that best matches your main sales region)

You'll need to create two warehouses:

- Pickup warehouse
- Return warehouse

TikTok Shop Seller Centre

Search: "reviews" Ctrl+K Customer messages Assistant

Warehouse/Pick-up address

Use Shipped via platform for hassle-free shipping and automatic tracking update. [Learn more](#)

Warehouse for United Kingdom [All warehouses](#)

Switch your settings to see warehouses in other countries.

Search Warehouse location Shipping template Reset

All pickup warehouses [Add warehouse](#)

To ensure success order fulfilment, you must link your warehouse to a shipping template. You can learn more about how to configure shipping templates and link them with warehouses at [TikTok Shop Academy](#).

Warehouse name/code	Address	Shipping method	Action
Your name Warehouse ID: 74336066144507... Default warehouse Active	Prodiqi (UK) Ltd, Unit 20 Caker Stream Road, Alton Hampshire, England, United Kingdom Postcode: GU34 2QA	Shipped by seller Template: My default delivery - shipp... Use Shipped via platform Collection method: Pickup	Edit Change shipping te...

Fulfilled by TikTok (FBT) can help you simplify your shipping and fulfillment. [Learn more about FBT](#)

Return Warehouse [Add warehouse](#)

Warehouse name/code	Address	Action
Your name Warehouse ID: 74337690397867... Active	Prodiqi (UK) Ltd, Unit 20 Caker Stream Road, Alton Hampshire, England, United Kingdom Postcode: GU34 2QA	Edit

Make sure both are set to the correct Prodiqi address.

Create your shipping template

1. In your TikTok Seller Center, go to Orders > Shipping Settings.

2. Click Create Shipping Template.

3. When selecting your shipping option, choose: Shipped by Seller. **Do not** select 'Shipped via Platform'.

This step is crucial – selecting 'Shipped by Seller' ensures TikTok sends orders directly to Prodigy for fulfilment.

4. Fill in the shipping template.

The screenshot shows the 'Add new Shipped by seller shipping template' page in the TikTok Shop Seller Centre. The page has a sidebar on the left with navigation options: Homepage, Orders, Shipping settings (highlighted), Fulfilment Settings, Products, Marketing, Affiliate, LIVE & video, Growth, Analytics, Account health, Finance, and Academy. The main content area is titled 'Add new Shipped by seller shipping template' with a subtitle 'Set up your shipping template, delivery options and shipping fee rules.' and a 'Submit' button. The form includes a 'Template name' field with 'My template' and a character count '11/99'. Below is the 'Delivery details' section, which states: 'Choose at least one delivery option based on your shipping method. The shipping template includes the original shipping fee. To set promotions, go to Overview'. It features a 'Shipped by seller' checkbox, a 'Shipping provider' dropdown (showing XDP Express, EVRI, DHL UK, and +12), and a 'View all' link. The 'Shipping rules' section is divided into 'UK mainland' and 'Remote areas'. Each section has a 'Flat rate' input field (set to 'Enter' and 'GBP') and a 'Switch to tiered rate (by weight)' option. There are also 'View all', 'Edit', and 'Copy' buttons for the rules. On the right side, there is an 'FAQ' section with questions like 'What is the use of shipping template?', 'Can I change the shipping fee later?', and 'How to set up shipping fee rules?'.

Link your shipping template to your warehouse

1. Still under Orders > Shipping Settings.
2. Select your new template and hit 'Link now'.
3. Link the Warehouse.

The screenshot shows the 'Shipping Settings' page in the TikTok Shop Seller Centre, specifically the 'Shipping Template' tab. The page has a sidebar on the left with navigation options: Homepage, Orders, Shipping settings (highlighted), Fulfilment Settings, Products, Marketing, Affiliate, LIVE & video, Growth, Analytics, Account health, Finance, and Academy. The main content area is titled 'Shipping Settings' with sub-tabs: Overview, Warehouse settings, Shipping Template (highlighted), Free shipping promotions, and Package volume. Below the tabs, there is a message: 'You can link templates to warehouses in Warehouse settings. Use Shipped via platform for hassle-free shipping and automatic tracking update. Learn more'. There is a search bar for 'Shipping template name', a dropdown for 'Warehouse', and a dropdown for 'Shipping method'. To the right, there is a 'Linked to' dropdown and a '+ Add template' button. Below this, there is a table with the following columns: Shipping method, Shipping to, Shipping fee rules, and a 'Linked to' column. The table has one row for 'My template' with the following details: Shipping method: Shipped by seller; Shipping to: United Kingdom; Shipping fee rules: Shipped by seller - Flat rate: GBP 5,GBP 8; and Linked to: Not linked yet. A 'Link now' button is visible in the 'Linked to' column, and a 'Warehouse' button is highlighted with a red box.

This connects your shipping settings with the correct Prodigy warehouse.

2. Connecting your TikTok store

Effortlessly connect your TikTok store to Prodigy

1. [Log in](#) to your Prodigy dashboard
2. Select 'Sales channels' from the menu on the left-hand side
3. Click 'Connect your TikTok store' on the TikTok tile
4. Wait until you receive an email from us confirming your TikTok store connection before completing step two – how quickly we're able to connect your store depends on how many products you have

3. Configuring your products

Configure your TikTok print on demand products for automatic fulfilment

1. Upon receiving your TikTok store connection confirmation email, [log in](#) to your dashboard
2. Select 'Sales channels' from the menu on the left-hand side
3. Click 'Configure' on your new TikTok store connection

4. For any products that you'd like us to fulfil, simply activate the purple toggle. Products that are toggled off and greyed out will not be fulfilled by Prodigy
5. Next to the purple toggle, you'll see the number of available variants for each product, all of which will be automatically enabled by default, i.e. 3 of 3. These can be toggled on or off within the product set up

- To set up products and variants, click **'Configure'** on the relevant product
- Ensure variants that you do not want Prodigy to fulfil are toggled off and greyed out
- For variants that you do want Prodigy to fulfil, click **'Choose product'**, search the Prodigy catalogue and select the relevant product. For some products, you'll need to select specific specifications, such as frame colour or finish, as part of this configuration

9. After selecting your product, you can then upload your artwork and click 'Save' to enable fully automatic fulfilment. For orders that require personalisation or manual review, please refer to the section below, titled 'Personalising or reviewing orders'

10. Once you've connected your product and / or uploaded the image for a variant, you can click the three dots on the right-hand side to copy either the selected product or image (or both) to all variants toggled on for automatic fulfilment by Prodigy

11. If you do choose to copy the product to all variants, you can then hit 'Change product' and update variant specifications such as size, finish, frame colour, etc.
12. To change an image on a product configured for automatic fulfilment, simply click 'Edit', select the bin icon at the bottom to remove and upload a new image, then hit 'Save' to finish

13. To set up shipping, click on the tile labelled 'Shipping,' select the desired shipping option (Standard, Express or Auto-select) from the drop-down menu and your choice will be saved automatically for that product. Auto-select pulls in the shipping selected by your customer during the checkout process. For example, if you offer a choice of all three options in your store, we'll select the service for shipment when we fulfil the order.

Please note: Only tracked services are available for TikTok. By default, all TikTok orders are sent via Auto-select using a tracked service.

14. Orders placed on your TikTok store for products configured for automatic fulfilment will be automatically sent to Prodigy for printing, packing and shipping. Orders set up for automatic fulfilment cannot be cancelled once they've been received

Personalising or reviewing orders

Easily personalise or review your print on demand TikTok orders before submitting them to Prodigy for fulfilment

1. We'll notify you when you receive an order for a product that has not been set up for automatic fulfilment, i.e. a product has been selected but an image hasn't been added

2. Upon receiving an order notification alert, [log in](#) to your dashboard
3. Select 'Orders' from the menu on the left-hand side
4. Filter by 'Requires attention' to view any orders that need personalising or reviewing

5. Make any necessary changes or adjustments, such as uploading your custom image

The screenshot shows the Prodigy order creation interface. On the left is a dark blue sidebar with navigation links: Home, ORDERS (All orders, Import orders, Create order), CATALOGUE (Browse products, Sales channels, Pricing sheets, Image library), SETTINGS (Account, Preferences, Billing, Subscriptions, Branding, API), and HELP (Support, FAQs). The main content area is titled 'Order 1319031' with a 'Requires attention' status and a timestamp of '4 October 2022 at 11:35'. A 'Submit' button is in the top right. The order is in 'Ready' status. It contains two items: 'Cosy Sheep Photo Print' (2 items, £0.50 each) and 'Cool Tiger Poster' (1 item, £5.95). The 'Cool Tiger Poster' item has a 'Choose product' button highlighted with a red box. The 'Required: Product' section also has a 'Choose product' button highlighted with a red box. The 'Cost summary' table shows: Items (£0.50), Shipping (£5.95), Tax (£1.29), and Total (£7.74). The 'Tax summary' section has a checkbox for 'I declare that this order has already had sales tax collected.' The right sidebar contains sections for Summary (Matt Evans, United Kingdom, 2 items, £7.74), Address (145 Portman Square, London, W1A 1AA), Shipping (To United Kingdom, Budget: £5.95), and Packing slip (Add packing slip).

Packing slip

Add packing slip

Only included for global prints, frames and canvases shipped from UK, EU and USA. Packing slips are printed as black & white A4.

6. Click 'Submit' to send us your order for fulfilment.

Fulfilling your order

As soon as we receive your order, we'll get started on the fulfilment.

Each order is automatically routed to the print facility closest to your customers via our [global print network](#), before being printed, packed and dropshipped direct to your customers.

During the order fulfilment stage, order status updates will be made available to you from within your TikTok account, including confirmation of when your order has been dispatched and any relevant tracking details.

Got a question?

Our [Integrations FAQs](#) should have the answer! If not, feel free to get in touch with us by emailing support@prodigi.com, and one of our friendly customer support advisors will be more than happy to help.
